### Other:

#### **National**

• Foundation Funding Grants for persons with Disabilities: Some grant programs may be affected by the Registered Disability Savings Plan.

#### **Provincial**

Many provinces fund extensive system of community-based social, residential, vocational and early childhood agencies. They work in partnership with provincially-based representatives and advocacy organizations to provide services to persons with disabilities. Some of these agencies may administer asset and income tests in order for someone to receive funding or access to programs and services.

#### Municipal

 Muncipal Programs – some municipal programs that provide persons with disabilities benefits and services may require income or asset tests. These programs vary from municipality to municipality.
